

Service Enhancement Solution

Convenience Store

Chau Ying Jia

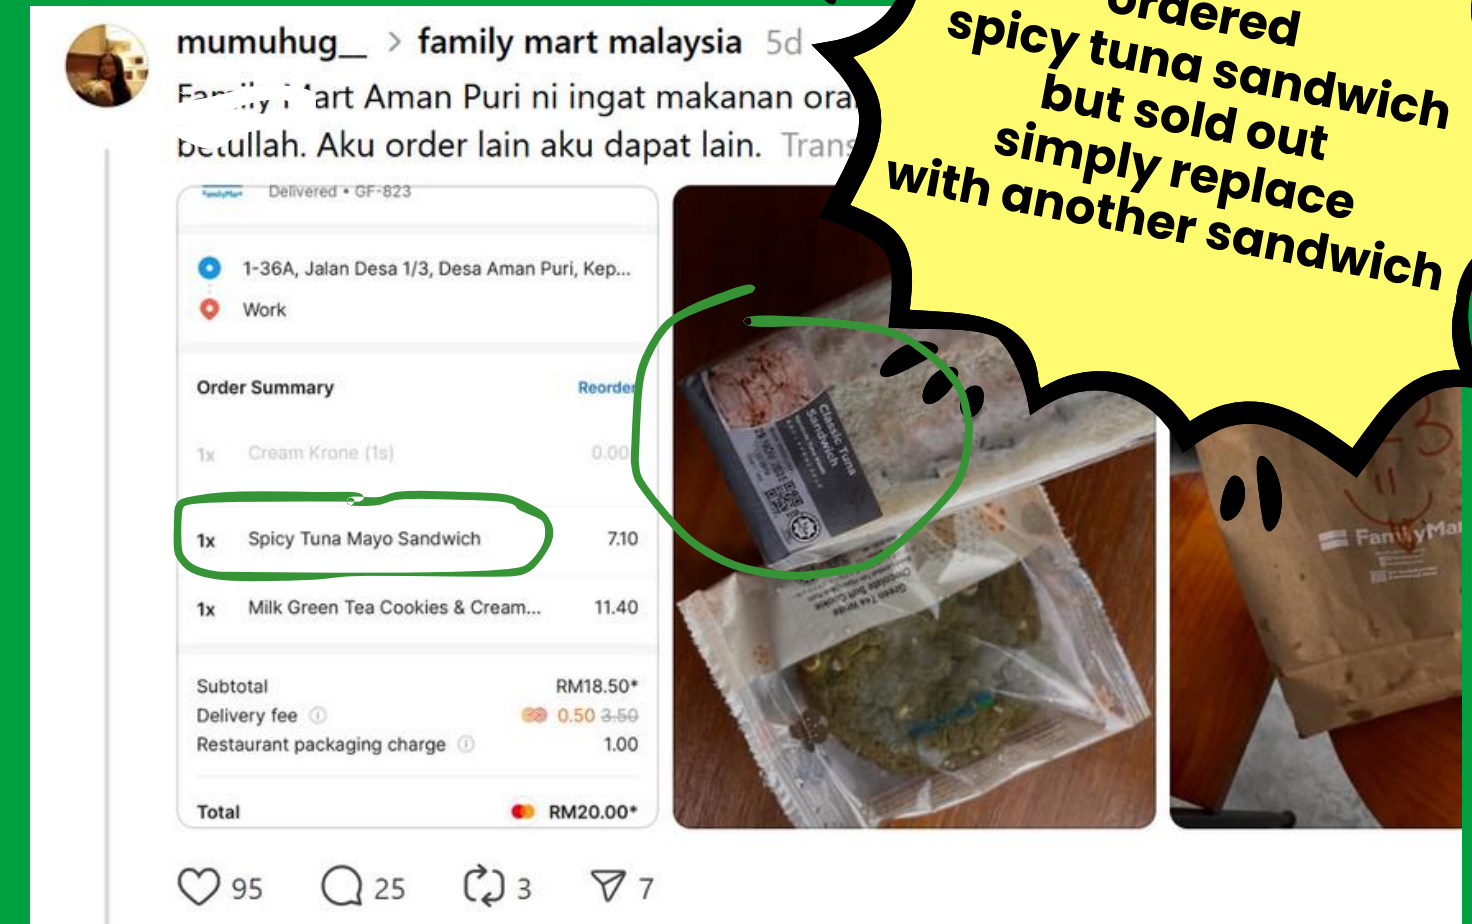

Problems

Long queues & Limited Staff

- Slow service
- Poor customer experience

Inaccurate in-app stock displayed

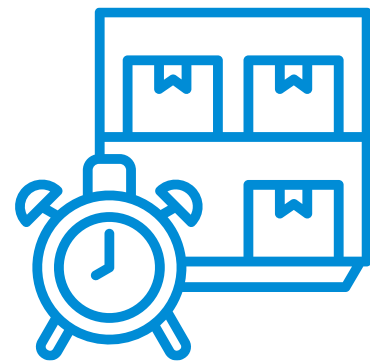

- not accurate stock availability
- customers order items that are actually out of stock
- Leads to: cancelled orders, refunds, wrong items delivered, lower trust & loyalty

Proposed Solution

1. Self-Service Kiosks

- make payment faster
- Reduce queues, speeding up service
- Reduce staff workload
- Improve store efficiency
- Give customers a smoother, faster experience

2. Real-time Stock Update System

- link between stock inventory and the mobile application
- App auto-syncs to reflect accurate availability
- Prevents failed orders & refunds
- Builds customer trust

Why the RM200,000 Grant Is Needed?

1. Ensure store operations run smoother
2. Enhance customer experience and satisfaction
3. More reliable and builds customer trust and loyalty.

A faster and customer-friendly convenience store.
