SECP3213: BUSINESS INTELLIGENCE
2025/2026 – SEMESTER 2

INDUSTRY TALK- REPORT (5%)

Title of Talk: *Bridging Data & Decisions: The Role of Data Governance and Data Management in Modern Business Intelligence*

Deadline: 25th May 2026 – Monday (5 p.m.)

Submission Format: PDF (uploaded to e-Learning)

Objective:

This report aims to assess your understanding and reflection on the insights shared during the industry talk. You are expected to connect the content of the talk with what you have learned in class and its relevance to modern business practices.

Report Structure: (Maximum 3 pages)

1. Introduction (Approx. ½ page)

- Briefly introduce the speaker and the title of the talk.
- State the purpose of the talk and its relevance to Business Intelligence and Analytics.

2. Key Takeaways (Approx. 1–1½ pages)

Summarize the main points discussed during the talk, such as:

- The role and responsibilities of an Analytics Engineer.
- How analytics bridges the gap between raw data and business decisions.
- Tools, technologies, or practices mentioned.
- Real-world use cases or examples shared by the speaker.

3. Reflection and Critical Insights (Approx. ½–1 page)

- Discuss what you found most interesting or valuable.
- Reflect on how the talk connects to what you have learned in your course.
- Share your opinion on the importance of analytics engineering in the current business ecosystem.
- Suggest any questions or ideas the talk inspired for further exploration.

4. Conclusion (*Approx. ½ page*)

- Summarize your overall impression of the talk.
 - Highlight how it may influence your perspective on career paths or your academic focus.
-

Report Guidelines:

- Write in your own words. Avoid direct copying or transcription.
- Use clear, concise, and professional language.
- This is group work. Include all group member's name and student ID on the cover page.
- Ensure your report is well-organized, proofread, and properly formatted.
